» SECOND OPINION

Enquiring about all possible treatment options is vital prior to making a decision.

The Medical Center – University of Freiburg offers an excellent opportunity to receive an additional consultation while eliminating the extra costs of travelling. You can ask our specialists to confirm your diagnosis, discuss your treatment options with our senior specialists and, if necessary, prepare your treatment plan.

The Medical Center - University of Freiburg offers the following types of second opinion services:

» TELERADIOLOGY

Our highly qualified team of radiologists and nuclear medicine specialists evaluate radiological images such as MRI, CT, PET-CT or mammography taken in the patient's home country and provide a second opinion. Our medical specialists will provide you with a medical report based on image evaluation. Your medical report will be ready within 5 working days.

Image evaluation fees:

- One anatomical region 165 €
- Three anatomical regions 495 €, each further region 50 € (max. 7 regions)
- PET-CT 330 €
- Cardio-MRI or cardio-CT 330 €
- One X-ray 90 €
- Mammography 165 €
- Express evaluation (within 48 hours) + 50 €

» ONLINE-CONSULTATIONS

Online-Consultation - live consultation with our senior medical specialists in various disciplines via a video conference.

You and your local physician can discuss your treatment options and diagnostics strategy with our medical specialists. An interpreter is available during the whole online consultation.

This service includes:

- Thorough examination of the patient's medical documents and of the request form
- Live online consultation with a senior medical specialist
- Interpreter services during the teleconsultation
- Technical support by the German IT
- a short written protocol report in German
